

OSCAR/Surface

How to register

WMO OMM

World Meteorological Organization
Organisation météorologique mondiale

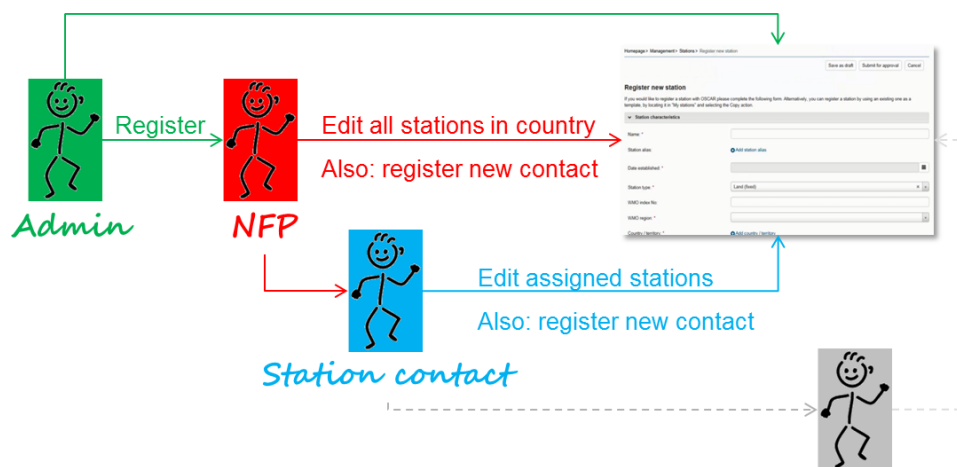

Learning topics

1. How to get an account
2. How to sign-up for an account

How to get an account?

There are two ways to get an account

1. Designation as National Focal Point (NFP) for OSCAR/Surface by Permanent Representative
2. NFP, or other delegee, creates a user in OSCAR/Surface

Registration in OSCAR

Once the account is created in OSCAR/Surface, the user receives an email, requesting registration with the OSCAR/Surface Electronic Identity and Access Management System (EIAM).

While your user account has been created in OSCAR/Surface already, you need to register with EIAM **once** and link the EIAM account with the OSCAR/Surface account.

Once this is done, you can then logon to OSCAR by entering the EIAM username and password.

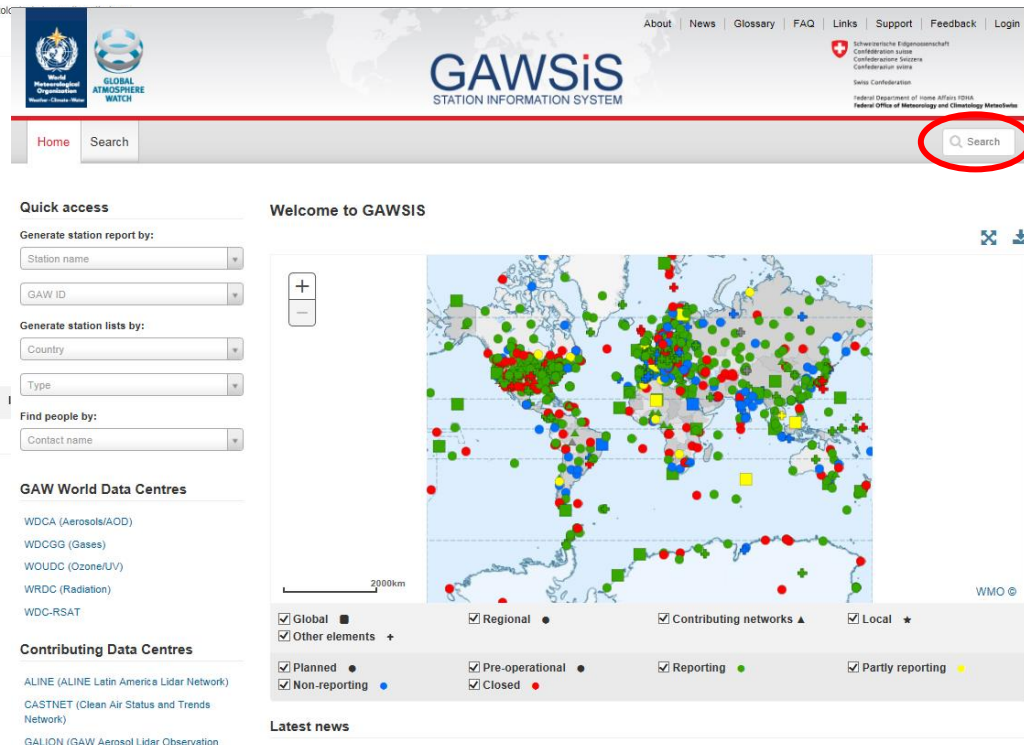

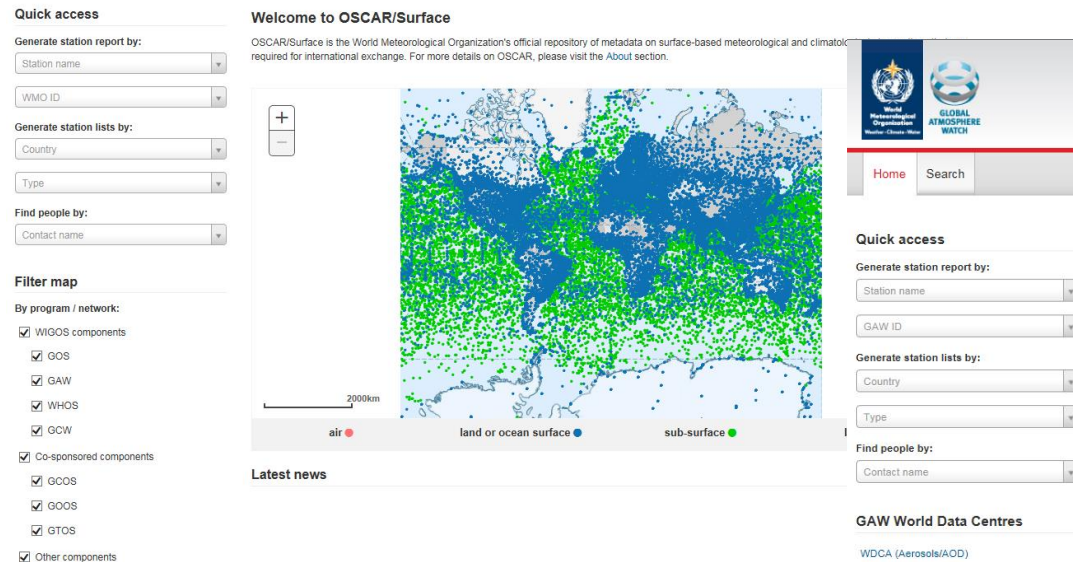

How to register in OSCAR or GAWSIS

1. check if you are already included in the list of available contacts

<https://oscar.wmo.int/surface>

<https://gawsis.meteoswiss.ch/GAWSIS>

How to register in OSCAR or GAWSYS

1. check if you are included in the list of available contacts

Check if your email
is correct

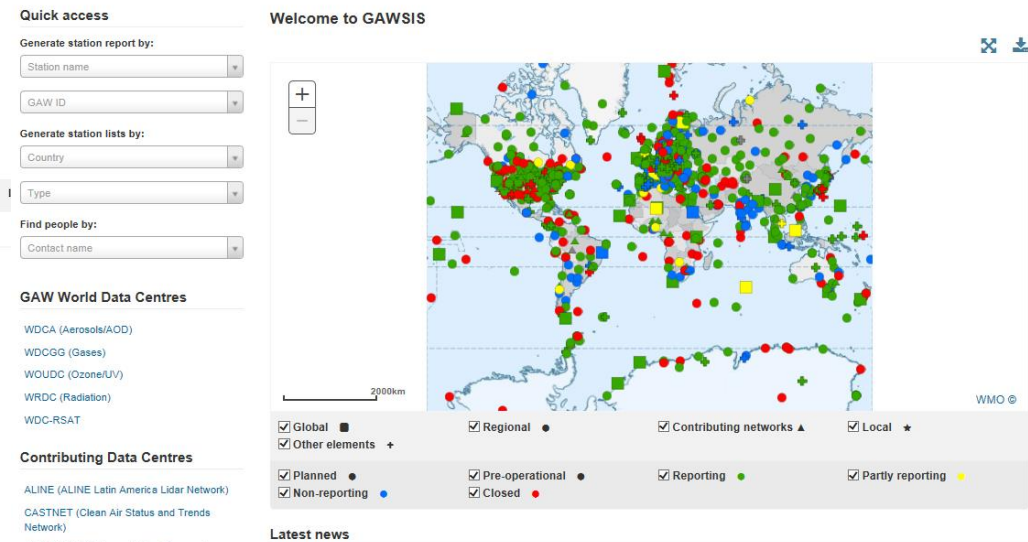

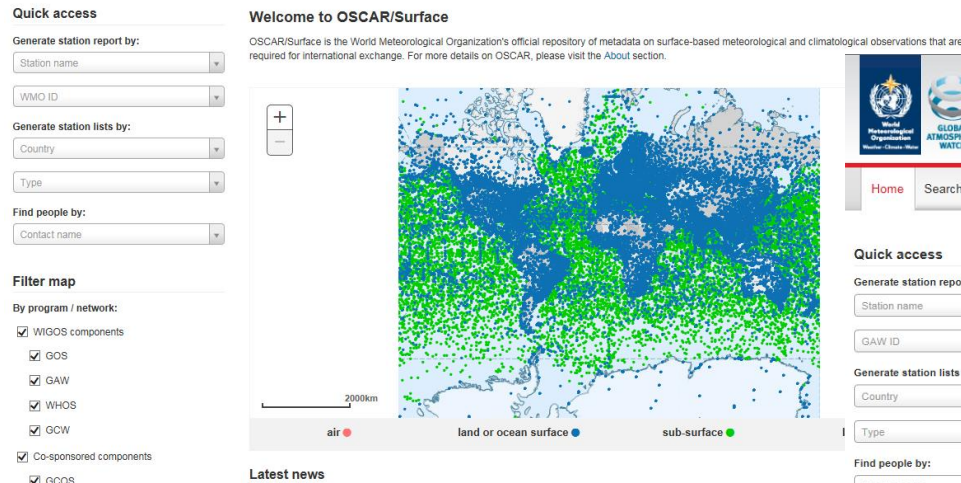

If your name **does NOT appear** in the search results ask your national focal point to add you in the list of contacts (personal info needed: first name, last name, email, organization, city, country). A compatriot colleague already registered in the application can also add you as contact. As soon as you are included in the contacts list you will receive a confirmation email with a link to the application URL.

If your name is included you can continue with the following registration procedure.

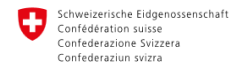

How to register in OSCAR or GAWSiS

2. Click on "login" on the top-right of the page.

4. Request access to the application

Access not possible

You do not have the access rights for this application. This can be due to the following reasons:

1. This is the first time you want to access this application. Please click the "Request access" button and follow the directions.
2. If you already requested access to this application, the following steps might help:
 - wait until you receive the e-mail that confirms you have access.
 - click the "New login" button and select a different login method because the previously selected login method was not accepted by the application.

Request access

click on «request access»....

Request access

Please fill in all necessary fields. For additional information, please use the comment field. Read and accept the terms of use. Then click on "Continue".

Surname	Test Surname
First name	Test Name
